Company Introduction

The Power. The Performance. The Quality. The 3K Battery

Since the beginning, we have strived to ensure that our Deep Cycle products are launched with heavy-duty power and the best competitive advantage possible to support our customers and markets. We create customers' value with the long-term performance commitment to steer up the advanced power solutions. Over 25 years of extensive experience in batteries, we virtually provide a trust quality as a friendly partner for the global industry.

Deep Cycle Battery : Golf Cart

The First in Thailand. The Integrity.
The Technology. The 3K Battery

With high technology, innovative method and maximum integrity, 3K Electric Golf Cart Battery is merely well-known as one of the best golf batteries in Thailand. We, 3K Battery as the first manufacturer in golf cart battery in Thailand, deliver a confident power source with higher performance and less maintenance.

Electric Golf Cart Battery

- Incessant High Rate Energy
- Deep Discharge Rate (80%)
- High Vibration Resistance
- Easy to Re-Charge
- Long Life Cycle

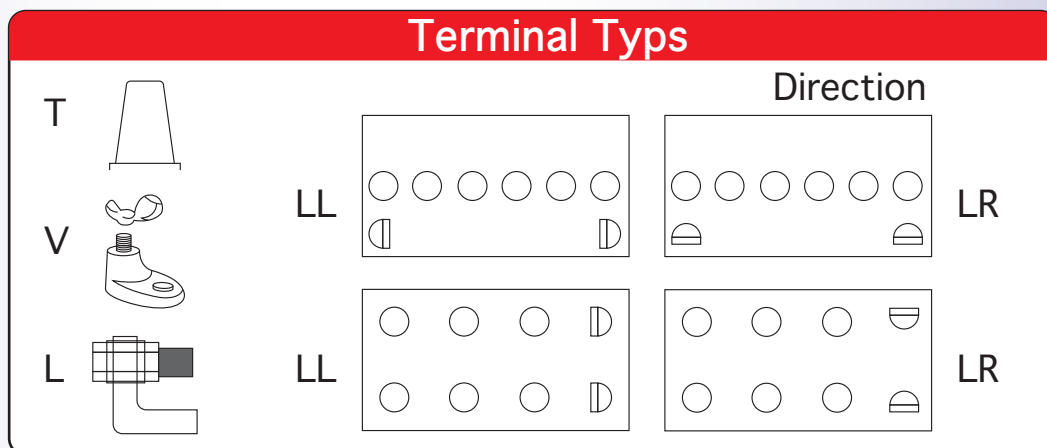

3K Golf Cart Battery Specifications

Golf Cart Battery Specification (LM)

Model	Terminal Type	Voltage	Capacity Ah/ 20 Hrs	Battery Dimension (mm.)			
				L	W	H	TH
T-105	L	6	225	260	180	240	290
T-225LPT	V	6	225	260	180	240	290
T-885	L	8	150	260	180	240	290
T-1285	L	12	160	327	180	255	281

Technical Information

Deep Cycle Battery : EB

The Durability. The Productivity. The Last Longer.
The 3K Battery

3K EB Battery provides more reliability and longer discharge ability. We eager to subsequently forward the heaviest power consumption with the revolution technology. High durability and more productivity invest the last longer energy with the extensive knowledge and experience.

EB Battery

- Longer Discharge Ability
- Larger and Thicker Plates
- Good Corrosion Resistance

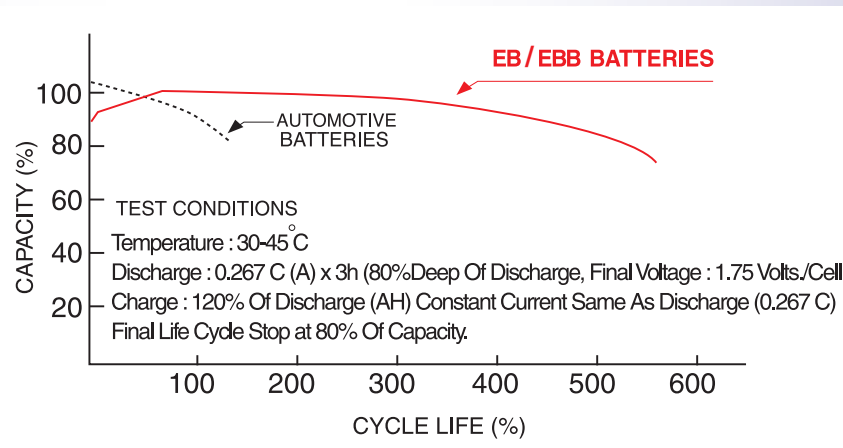

DEEP CYCLE

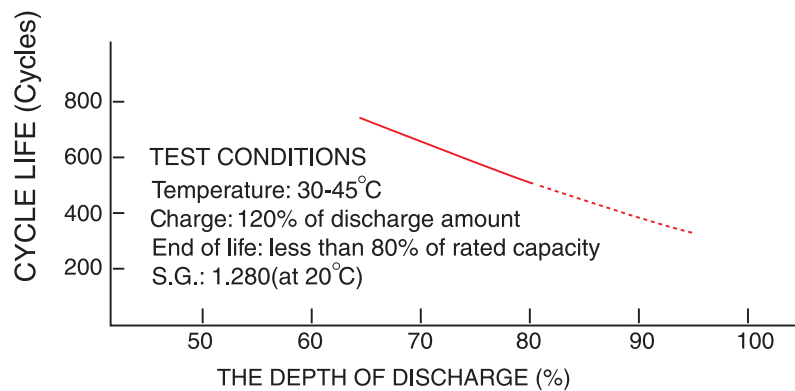

Electric Battery Technical Specifications

LIFE CHARACTERISTICS

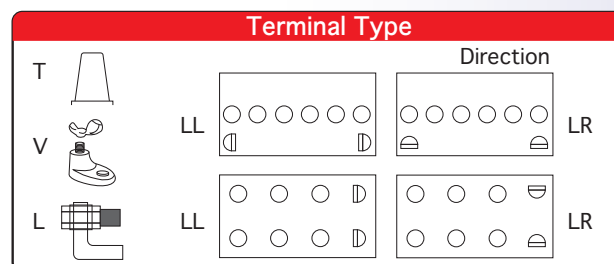

As designed for cyclic services having 4 times longer life than automotive batteries.

RELATIONS BETWEEN THE DEPTH OF DISCHARGE AND LIFE

Life of batteries is mostly affected by the depth of discharge. Repetition of deep discharge makes the life of batteries shorten.
